

Factsheet

hbw Haus der Bayerischen Wirtschaft: Your first class conference center in Munich

First class infrastructure, a central location, and state of the art equipment make the **hbw ConferenceCenter** the perfect venue for large conferences or private meetings.

The **ConferenceArea** on the ground floor offers three event halls plus the foyer. The biggest hall, the "Europasaal", provides four interpreter booths for multilingual events as well as a 45 m² panoramic screen that allows for multiple projections and surround sound.

Our **MeetingArea** on the third floor has its own cloakroom and lounge. This area offers up to nine modern rooms for meetings, seminars and workshops, all equipped with state of the art technology.

The **ExecutiveArea** on the sixth floor offers an exclusive conference room with a separate entrance and a breathtaking panoramic view over Munich. Here you can welcome your guests in a discreet and exclusive atmosphere. A connected catering area stays at your disposal for your event.

We will be happy to assist you throughout the entire project – both before and during the event – with all organizational and technical requirements. In addition, you can utilize numerous related services: from streaming solutions to TV and audio productions and hospitality services.

Floor plans, seating arrangements, pictures and travel directions can be found at www.hbw.de/en.
